

## **Alliance Polymers & Primeline Polymers Highlight TPUs for Medical Application at MD&M West - February 12-14, 2013**

**ANAHEIM, CA (February 2013)** - Primeline Polymers and their TPU supply partner Alliance Polymers and Services LLC (APS), together will highlight special thermoplastic polyurethanes for demanding medical applications at the MD & M Show, booth #3952. The annual event takes place this year on February 12 - 14, 2013 at the Anaheim Convention Center.

Primeline, a leading supplier of thermoplastic elastomers (including TPUs) as well as a wide range of engineering and commodity resins and chemicals, serves customers in the U.S. and in Asia from its headquarters in Anaheim. Booth partner APS, with headquarters in Romulus, MI, sells TPUs through broad network of distributors and its own sales force. The firm also compounds and sells a wide range of standard and custom compounded thermoplastic elastomers (TPEs) and thermoplastic vulcanizates (TPVs).

Further information on either firm may be obtained by contacting:

APS, 30735 Cypress Road, Suite 400, Romulus, MI 48174. Tel: 734-710-6700.
