Re: Price Increase

Dear Customer,

Due to the considerable price increased in the raw materials market, we are forced to revise our products' prices effective July 1, 2017. These increases have affected all raw materials across the board, as a consequence, all our products as a whole. Therefore, prices will be increase as follows:

Zythane TPU 4000-Series and 5000-Series	\$0.15/lb
Zythane TPU 6000-Series and 7000-Series	\$0.20/lb
Viprene TPV	\$0.10/lb
Maxelast TPE-S	\$0.10/lb

As the uptrend seems to be continuing during the next months, we cannot exclude the possibility of having to adjust our prices further in the near future.

APS Elastomers appreciated your business and support. It is our goal to deliver innovative quality products and technical solutions to our valued customers.

Sincerely,

Stéphane Morin
